Valentine’s Day Party
February 14 at 10 AM
Please remember to send your Valentine’s cards for friends

We had a fun week celebrating love and friendship. Everyone loved writing letters, delivering mail and working at the Post Office. We played heart letter hop and Valentine letter basket to help with letter recognition skills. We practiced our cutting and fine motor skills to create rip/tear hearts and heart mobiles. Our melting hearts experiment was a big hit!
We have been busy making valentines and working at the Post Office!

Our melting hearts experiment was so cool!
