Weekly Theme
Ole Miss Spirit Week

Weekly Recap
Everyone enjoyed learning all about nutrition and physical health. We learned how nutritious foods help our bodies stay healthy to do all the fun activities we love. We tasted different kinds of apples and milk and even graphed our favorites. We sorted fruits by color and created fruit patterns. We also sorted foods into fruit or vegetable bowls and chose our favorite healthy foods to put into our shopping carts. We had a great time creating our own silly salads.
