Please be sure your child has extra clothes at school

Weekly Theme
We will continue our unit on Art

Weekly Recap
Everyone is really enjoying expressing their inner artist! We have read books about famous artists and about different art mediums. The children have been focusing on a subject that is very familiar- themselves. They are doing different types of self portraits. We are learning about primary colors and how they combine to create secondary colors. We are also reviewing shapes and colors and how we use them to create our own original artwork.
We had so much fun discovering how mixing two primary colors creates a new color. We also love exploring different art mediums.
