Weekly Recap
3K friends had a nice week focusing on thankfulness. We created a thankful collage and took turns sharing about things we are thankful for. Each class contributed a feather of thankfulness for a school turkey. We practiced fine motor skills by cutting and gluing a pattern to make a fun turkey headband. We completed turkey pattern blocks, and played turkey color and number bingo. Everyone was so proud of the handprint turkey placemats they made, and we used them for our special friendship mix snack.
