Weekly Theme

Halloween Fun

Weekly Recap

We had a fun week learning all about fall on the farm. We worked on number recognition, played cow number bingo and had fun playing with farm sequencing number puzzles. We also painted pigs. We learned about the animals that live on a farm, the jobs they have, the sounds they make, and the names of the baby animals. We also learned about the food that grows on a farm. It was fun washing vegetables and trying different kinds of milk.
