**Weekly Recap**

Our friends loved learning about community helpers! We began our weekly art classes with Mrs. Mary Madeleine. We were busy working at the post office, restaurants, and construction sites. We made garbage trucks, police cars, and firetrucks. Everyone loved seeing their friends dressed up as different community helpers! We created and wore our own chef hats while making fruit pizza. It was exciting to have the UPD officers come for a visit and to see their uniforms and car and hear the siren!
