

4K December News

Week Of:

Dec. 14-18

Weekly Recap

We had fun exploring more about the farm and the types of machines used. We also in full holiday swing, making a lot of fun crafts. Lastly, Our seeds sprouted! Hooray! We learned that plants can grow vertically in a tower garden and receive all the water and nutrients they need to survive. We put together our Tower Garden so that we can transport our seeds in a few weeks

Follow Up Questions:

How do the plants get water if they are not in soil?
How do the plants get sunshine if they are not outside?
What did you like most about putting together the Tower Garden?

Suggested Book:

Ready, Set, Grow: A Kid's Guide to Gardening

Extension Activities:

Watch this video about tower gardens together as a family. Can you draw a tower garden and explain how it works? Do you know of any other plants that you can start to grow without soil?
