Happy Thanksgiving to all our 4K friends and families. And thank you to all who participated in our Usborne Book Fair. We hope you all have an enjoyable holiday weekend. We enjoyed learning about each other’s special family traditions and all that we are thankful for.

Starting the week of November 27th, we will study architecture and building. Please send any boxes that you have so we can use them to build a Willie Price City. After that, we will begin our Holiday traditions around the world. If you have a special holiday tradition related to your culture, please contact your child’s teacher to come share!

- **Architecture/Building**
