**Weekly Recap**

Our 4K friends had a wonderful week learning about plants and seeds. We graphed our favorite vegetable to eat, discovered the different parts of a plant that we eat, and planted green beans in our Sprout Houses. Please check them out in the hallways. We also celebrated our HILL friends on Tuesday! Thank you for wearing blue. We loved listening to the book, *My Brother Charlie*, read to us by Ole Miss Football players! It was so much fun!

Next week, we will begin our artist studies. We will be painting and creating a lot of different pieces that we can’t wait to reveal at the art gallery. Please mark your calendars for this amazing event that will also benefit our school. April 24th is a day you won’t want to miss!
WEEK IN REVIEW

4K goes **BLUE** for Autism!
